- A challenging way to improve your English and learn new skills
- The objectives of the programme are educational and work is unpaid
- Combine an English course with a period of work for a London company
- Suitable for students, graduates and young job seekers aged between 18-35 with upper intermediate or higher level English
- We can arrange work internships in marketing, administration, tourism, fashion, engineering, computing, charities, media resources and other areas
- We can design programmes for both European Union nationals and non-European nationals, from 6-48 weeks

The work you do will depend on your level of education and qualifications, your skills and experience as well as your level of English. Internships are generally in medium-sized companies. Job specifications and workloads vary, but you can expect to have your own responsibilities and perhaps your own project. All internships include some routine activity such as data input, photocopying, filing and making tea and coffee.

Most companies will interview you before offering you work. You must start the application process early enough to ensure that we receive all documents six weeks before your internship begins.

WEEKEND EXCURSIONS

We offer weekend excursions outside London, either day trips or weekends away. These are organised by our partner tour company. In the mornings there is a guided tour of the destination and in the afternoons you are free to explore.

Some of the destinations in the United Kingdom are shown below. In addition, weekend stays in Amsterdam and Paris are available.

Social Programme

Discover the diverse culture and entertainment of London and Britain. Every month there is a new programme of sightseeing, cultural and leisure activities and you can join as many activities as you like. We include:

- Visits to some of London's leading attractions such as St Paul's Cathedral, the Tower of London, the BBC Television Centre and Parliament
- Weekly guided walks in interesting parts of London
- Entertaining learning events such as pronunciation games and essay writing and photography competitions
- Sports activities such as football, baseball, ice-skating and bowling
- Social clubs to help you meet others with similar interests – the Film Club, the Poker Club and the Chess Club
- Visits to pubs and restaurants and school parties
- Day trips in London to Greenwich, Hampton Court and river Thames boat trips

The social programme will help you get to know other students and members of staff and practise and extend your social English.

Social programme events take place in the afternoons, evenings and weekends. There is something to do nearly everyday. There are more events in July and August. Students who wish to participate in afternoon events are advised to choose a morning course. Students who choose an afternoon course can participate in evening and weekend events.
