This test includes a written grammar test and a short interview during which speaking and listening skills are assessed. We will also discuss specific language requirements and objectives to ensure students are in the right class and improve quickly.

Regular testing and help

Students' progress is monitored continuously by their class teacher. Regular progress tests help the

student and the teacher measure achievement and highlight areas requiring extra attention and effort. Monthly tutorials allow students to discuss their lessons, their progress and other issues. Students and their teachers can then agree on learning aims and outcomes, and plan ahead.

HOMESTAY ACCOMMODATION LONDON AND EASTBOURNE

For us, offering our services as a host family is about showing our visitors what British culture is like, it is about welcoming international students into our home and gaining an understanding of their culture and customs while teaching them about ours."

Mrs Harvey, Bromley, Southeast London – Homestay provider

"I have been a host family for nearly 5 years. It has had its challenges, yet it has also been extremely rewarding. Some of my students still keep in touch and have sent me gifts in the post and lots of invites abroad."

Salema Rampasard, Catford, Southeast London – Homestay provider

Each year our Student Services department provides good quality homestay accommodation for thousands of people from abroad wishing to experience the British way of life at an affordable price. Staying in homestay accommodation is an important part of integrating yourself into the English way of life. Living with a British homestay provider and immersing yourself in British culture will not only accelerate your English language learning but also enhance your learning experience as you will have plenty of opportunities to speak English with your hosts after school.

Our homestay providers reflect the cultural and social mix of the UK today: many families are made up of two parents and one or more children, but others are single-parent families, single people or retired couples. Some of our homestay providers take only one student at a time, and others take two or more. Accommodation for adult students is provided in single rooms.

Most students take half-board (breakfast and an evening meal) with their homestay provider, but it is also possible to request full board or bed and breakfast (outside extreme high season).

"My host family accommodation was very nice. I only have excellent comments about my accommodation. My host mother was so kind and I was made to feel welcome and at home."

Nelson Miranda, Chile

"My name is Roger and I am from Peru. I attended the Twin English School in London. What I liked the most about my English course was that I learned how to interact with British people and that the students could share their knowledge of culture. Besides attending the English course in London, I joined the social programme. I visited several museums and visited all the main attractions such as Big Ben and the London Eye. All I can say about it is that spending time in London was amazing."

Eastbourne

Eastbourne is a touristic seaside town with beaches, parks and leisure centres, ideally placed in the South East of England for a safe and enjoyable stay.

It is about a 30-minute journey from the cosmopolitan city of Brighton, and about an hour and a half by train to London.

It is in the middle of the South Downs national park and is surrounded by beautiful countryside and old world villages. Along its coastline you can find the famous Seven Sisters white cliffs,

which are breathtaking.

SOCIAL PROGRAMME

At Twin the social programme forms an important part of all student experiences. We offer a diverse programme of events that vary each week, ranging from DVD nights to barbecues.

"I am attending a General English Course. In this course there are many international students. The teachers are very nice and skilled.

I can see Twin's teachers are very passionate and caring for their students. So it's no surprise that they offer a great social programme for the students. There are regular Pub nights; cinema nights and I also joined a BBQ Party. There is also a little shop in the School, which offers all the things I need for good prices."

Salisbury

Art and culture in the heart of the West Country

Situated in the South of England only 90 minutes from central London, Salisbury is famous for its medieval Cathedral, whose library shows the best preserved of the four surviving original copies of the Magna Carta. Salisbury is an historic city with immense charm and English beauty. The city is very friendly and relaxed, very traditional, and looks like a picture postcard, with beautiful architecture and medieval streets and an impressive cathedral dominating the centre of the town.

The river Avon runs through the city, which is a great place to relax and take in the atmosphere. It is a safe environment for any student to learn English in.

There are many theatres, discos, cinemas and sports facilities and a local market twice a week. Sightseeing opportunities are abundant. Stonehenge, just a short drive away, is one of the oldest structures in the world and definitely worth a visit when you stay.

Salisbury is also very close to picturesque Bath, the beach in Bournemouth, and other day trip destinations like Oxford.

Other activities that students may go on include bowling, going for dinner, going to traditional local pubs, laser quest, karaoke nights and many other activities.

“Twin English centre in Salisbury is the best school in England and the teachers are very nice. Salisbury is a pretty little town with an amazing Cathedral and many things to do. I took part to the vast social programme of the school: we’ve been to London, to several parks, and we’ve organised dinners to local restaurants. I live in a host family and absolutely love them. They are very kind and respectful.”
